6.1 Annual Academic Schedule

Presented by: Kyle Vuorinen

The 2022/2023 Academic Schedule of Important Dates was presented to Senate for information. It was noted that the dates on the Schedule were drawn up in accordance with policy, and the significant change was the 2023 spring convocation dates. Normally, spring convocation takes place on the Monday and Tuesday in June, however at the request of the Events Office, the spring convocation was being shifted to Friday, July 9 and Saturday July 10, 2023.

On discussion, it was noted that the Academic Schedule as presented to Senate did not accurately reflect the July dates verbally reported by the Registrar.

A concern was also raised that, if the spring convocation shifts to July, more conversations are required given that this would be out of cycle with other institutions. In this regard, it was suggested that a rationale be provided to support a shift to a July convocation date, and this be brought back to the November Senate meeting.

Feedback was also provided that a July convocation could be problematic as students may go on vacation, and as faculty are on vacation as of June 15, may not be available to attend the ceremonies.

6.2 Extension of Temporary Acceptance of Duolingo

Presented by: Kyle Vuorinen

SENATE MEETING

Tuesday, October 5, 2021 4:00 pm
VIA ZOOM

MINUTES

In response to Covid-19, the University has been accepting the Duolingo Test of English on a temporary basis. Given the ongoing pandemic, and the challenges students may face to access traditional in-person tests of English as a foreign language, Senate was requested to approve extending the acceptance of Duolingo until the end of the Fall 2022 semester. It was noted that a small study undertaken of students admitted in Fall 2020 with Duolingo perform as well as students who have been admitted with traditional tests such as IELTS and TOEFL.

On discussion, an issue was raised that provincially among EAP Departments, the shared concern is that the Duolingo Test may not place students accurately, and students who take the test online may not be the same students who show up in class. There are also discussions within the EAP Departments on possibly implementing criteria on the results when doing admission for English language requirement.

As the request for extension of the Duolingo Test was brought to Senate for approval, a point of order was raised that in terms of governance, there is a University policy that sets out a process to establish an appropriate level of English proficiency. Accordingly, with the unanimous consent of Senate, the item was considered as information, and the motion to approve withdrawn.
